

## Services

### **Flight Planning**

We will perform a complete study of each flight; the most convenient and less saturated routes will be selected. The aim at the least mileage, in order to reduce fuel consumption and minimize flight times.

### **ATC Flight Plan and Slot Control**

Filing of the flight plan. We will perform a complete follow up of the flight plan, controlling all possible delays. In the event that any will occur, our team will work out alternative routing, to overcome the delays on the estimated time of departure.

### **Load Control Sheets**

Computer based Weight and Balance for each flight leg.

### **Operational Flight Plan**

Consumption, reserves, winds aloft, alternatives. Everything necessary so the crew will have the most up to date and accurate information. Re-despatching of critical flights as needed.

### **Weather**

METAR, TAFOR, SIGMET for the departure and arrival airports, as well as for the chosen alternative ones.

### **Notams**

Complete information for the crewmembers, on all airports as by the flight plan.

### **Navigational Charts**

At the request of the crew we will provide any airport and navigational charts.

## Services

### Slots Coordination

In the airports that so required, our company will manage and coordinate the slots you will demand.

### Over flight Permits

Management of all "over flight permits". At takeoff, the crew will have all the authorizations needed for the flight.

### Landing Permits

We have contacts with airports and civil aviation authorities around the world, for the necessary authorizations required by any competent authority.

### Hotel Reservations

A broad database of First Category Hotels at very competitive prices.

### Handling Coordination

The best handling companies all over the world. Your passengers will never suffer any inconvenience or delay.

### Catering

**Aeroplanning** will coordinate your requests, passengers' as well as crewmembers', with the best companies at any destination.

### Car Rental

With or without driver. We will make sure everything will be ready at your arrival at destination.

### Other Services

Whatever you may need. **Aeroplanning** will provide a swift solution to any request: helicopters, private security services, meeting rooms, etc.
